Nurture Groups

Nurture groups are aimed at parents and their babies from birth to 12 months or when mobile.

We appreciate how daunting being a new parent can be. Our Nurture Groups are facilitated by our Community Nursery Nurses, who are professionally trained in Early Years. The sessions are aimed at providing you with support, guidance and information about your little one. It also provides you with an opportunity to build new friendships with others who are on the same journey as yourself. You can share the highs and the lows and gain a greater understanding about the new addition to your family. We will also discuss subjects that will be relevant to you and your baby, such as weaning, safety in the home, mental health and wellbeing, dental care, basic first aid, benefits of play and developmental milestones.
